Mute Mics

Click to mute wireless and/or podium microphones

Mute Speaker

Click to mute room speakers

Volume Control

Adjust volume of active source

Destinations

Where do you want to send the source?

"Display" refers to the main audience displays (TVs or projectors). Some rooms have more than one display and will be labeled left/right.

"Podium LCD" is the podium monitor for instructor. This will change the right monitor in the room

For "Laptop" selection just make sure to select the right input HDMI OR USB-C or it will not display also Doc Cam will automatically turn on/off if selected

If you'd like one source to be shown to all screens, use "Send to All"

Web Conf. Settings

*Connect the Web USB to your Laptop if using the room camera & mic on Zoom/Teams.

PC test settings for Zoom/Teams:

For SPEAKER select CRESTRON 420 Audio Driver for Display or SAME AS SYSTEM
For Microphone select "Echo Cancelling Speakerphone"
For CAMERA select "EasyIP Decoder"
